Adopt-A-Student Program

What is Adopt-A-Student?

A Chance to Change a Life!

Hope Community Christian Academy is dedicated to providing a high-quality, values-based education where students learn to respect themselves and others. But many families in our community who want a brighter, faith-filled future for their child can't afford the benefit of a private Christian education.

Our families place a high priority on their child being well-prepared for higher education, while maintaining their spiritual growth. The unique blend of traditional schooling with home schooling in the University-Model that Hope Community follows, allows our families to strengthen their God-ordained family relationship while giving their child the opportunity to achieve a high degree of academic excellence.

Recipients of our Adopt-A-Student program are struggling to provide the best education for their children. They have taken a huge step of faith to enroll their child in Hope Community, but have significant financial needs. Often, these are hard-working parents and grandparents who only want the best for their kids. Your generous gift this year can help make the dream of Christian education a reality for children in need in our community. Whether it covers the cost of educating a child for a week, a month, or the entire school year, **your gift is an investment in the future** and it is priceless to the child who receives it.

A Sound Investment

A study conducted by the Barna Group found that a majority of young people come to a decision of faith by 13 years old. The data shows that people from ages 5-13 have a 32% probability of accepting Christ as their savior compared to only a 6% probability of adults doing so. Therefore, this type of schooling is vitally important. By giving a child the opportunity of a Christian education, you are investing not only in their academic growth, but also in the future leaders of our churches, communities, and the world.

Make the investment of a lifetime...today!

- Programs in our school develop the "total" person—spiritually, academically, socially, emotionally, and morally.
- The students receive excellent religious instruction. This is done through our Chapel services and the integration of faith and values throughout all curriculum areas.
- The students are involved in a variety of social service projects and engaging field trips.
- Hope Community recognizes parents as the primary educators of their children and we share in that partnership.

Live the Gospel and give a deserving student an opportunity through an education in Hope Community Christian Academy by becoming an Adopt-A-Student benefactor today! **One hundred percent of your gift goes toward the student's tuition bill**, so every little bit helps. Remember your gift is 100% tax deductible.

How the Program Works

Your family applies for assistance through the church(es) listed above. You can list your home congregation or other churches, such as the church you grew up in or a church other family members attend. Remember, the Adopt-A-Student program will not only help your family financially, but it is also a great way for churches to get involved in our school. Hope Community will send a letter and Benefactor Form to the church(es) listed above. Donors are allowed to give at any level. **One hundred percent of the donor's gift goes toward student's tuition bill,** with no funds being used for administrative costs. All gifts go directly to the school and a receipt will be sent to the benefactor, as well as you, showing how much was given on your child's behalf.
