SPECIAL MEETING!!!

The fundraising team is going to hold a special meeting on **Thursday, February 8 @ 3** in the Family Room to give you as much up-to-date information as possible regarding our spring fundraiser. It is important that each family is represented so everyone can be up to speed with our new fundraiser format and begin to get an idea of what their role will be for this event. We're very excited for the opportunity to try something new and reach out to the general public! Let Melissa know the code word *agape* for your chance from the school portion of the newsletter in the monthly drawing.

Valentine's Day

Students will be able to give valentines for all schoolmates on Thursday, February 15th during our chapel time. You will be provided a note containing a list of all students' names in your school mailbox. **Please, have your child(ren) bring in a box or bag to decorate by Tuesday, February 6!**

Helpful Hints

•ELHI is an old building with an old boiler heating system. Please, make sure your kids are dressed in layers as the rooms can get quite warm yet it will be chilly outside. T-shirts for indoors are great, while coats with mittens/gloves and hats are perfect for cold morning recess times.

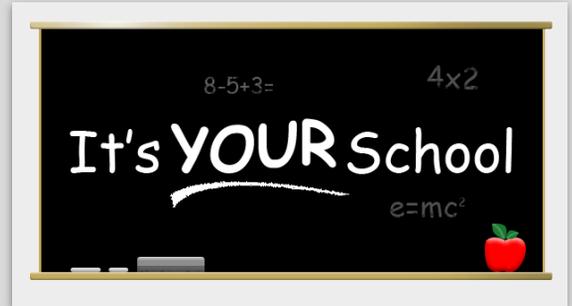

Quick Tip

• The school day begins at 8:15 and students are marked tardy if they are not seated in the morning meeting location at that time. 3 tardies= 1 absence.

HCCA School Board

This summer the board revised the school's goals and made some revisions to the school board by-laws. Once such revision is to include a 7 member board. We would like to add one more community member to our school board. If you know of anyone please let them know and they can contact Tom or Melissa for more information.

The children were busy this month reading the play "Stone Soup." Each student had a part in the play. We read it several times and then we read it and made stone stoup to eat. Each child got to put an ingredient in the soup. We cooked the soup all day and got to enjoy it at the end of the day. The children thought the stones made it extra special and very tasty.

February

January was a very hands-on month for us! We did a nutritional workshop, dissected a cow's heart, learned about God's design of our bodies, and got our indoor tower garden started!
