Letter to families and community

Dear Hope Stakeholders,

Every year there are Board positions that are up for election for three year terms. This year we have two seats that are up for election one that is reserved for a parent of a student(s) at Hope and one that is reserved for a community member that does not have students at Hope.

The ideal board candidate would be one that has a firm foundation of who they are in Christ, is willing to listen and learn, and has a servant's heart. Board members may be called upon to perform functions between meetings to ensure the smooth function of the school in a "Behind the scenes" manner. If you think that this sounds like you or someone you know please reach out to the Hope office for more information on running for the board.
